

Are you Trans and HIV+?

You may have taken part in the Trans PULSE survey in the past. If so, thank you for your input! This **new phase of Trans PULSE is focused on understanding the health care needs and experiences of trans people living with HIV.** We understand 'trans' broadly, including transgender, transsexual, genderqueer, transitioned and some two-spirited people.

Participation in this study consists of an individual interview with a member of the trans community, which will last approximately an hour to an hour and a half. For participating in this study you will receive **two \$25 gift cards** (Pizza Pizza, HBC or Canadian Tire) and we can provide compensation for transportation costs or childcare support, if needed.

You are eligible to participate in this study if you are 16 years of age or older, an Ontario resident, identify along the trans-spectrum, and are living with HIV.

If you are interested in participating in this study, please send an email to Caleb Nault at transpulse.interview@gmail.com or call him at 416.522.5408.

If you have any other concerns you may contact the primary researcher, Dr. Robb Travers of Wilfrid Laurier University, at rtravers@wlu.ca or 519-884-0710 ext. 2577.

Building communities through research.
